

LONDON BOROUGH OF LAMBETH

PROPOSALS TO INTRODUCE ELECTRIC VEHICLE CHARGING PLACES IN VARIOUS ROADS

The Lambeth (Free Parking Places) (Disabled Persons) (No. 5) Order 2022, The Lambeth (Free Parking Places) (Electric Vehicles) (No. 2) Order 2022, The Lambeth (Camberwell) (Parking Places) (No. 2) Order 2022; The Lambeth (Brixton "B") (Parking Places) (No. 3) Order 2022; The Lambeth (Clapham "C") (Parking Places) (No.2) Order 2022; The Lambeth (Brixton 'E') (Parking Places) (No.2) Order 2022; The Lambeth (Streatham Hill West "G") (Parking Places) (No.2) Order 2022; The Lambeth (Tulse Hill) (Parking Places) (No.1) Order 2022; The Lambeth (Kennington) (Parking Places) (No. 5) Order 2022; The Lambeth (Clapham "L") (Parking Places) (No. 3) Order 2022; The Lambeth (Streatham Hill East "M") (Parking Places) (No. 3) Order 2022; The Lambeth (Herne Hill) (Parking Places) (No. 2) Order 2022; The Lambeth (Poets' Corner) (Parking Places) (No.4) Order 2022; The Lambeth (Brixton Hill East) (Parking Places) (No. 2) Order 2022; The Lambeth (Thornton) (Parking Places) (No. 2) Order 2022; The Lambeth (Stockwell) (Parking Places) (No. 3) Order 2022; The Lambeth (Vassall "V") (Parking Places) (No. 2) Order 2022

STATEMENT OF REASONS FOR PROPOSING TO MAKE THE ABOVE ORDERS

The Council proposes to introduce new electric vehicle charging parking places, some of which would be for certain CPZ permit holders only, in various locations. If there is any existing parking space at those locations, then this would be removed to accommodate the new electric vehicle charging parking places. controlled hours waiting restrictions (single yellow lines) would also be removed to accommodate the electric vehicle charging place outside No. 33 Killyon Road and a blue badge disabled bay would be relocated by 2 metres south-eastwards to accommodate the electric vehicle charging place outside No. 12 Englewood Road.

The proposed Orders are necessary to provide electric vehicle charging places to meet demand and aid the transition to electric vehicles (Lambeth Council is currently committed to install over 200 charging points by 2022). Electric vehicles contribute to improvements in air quality, specifically nitrogen dioxide (NO₂) levels and reduce greenhouse gas emissions and so the Council wishes to encourage their use. The current lack of charging facilities is a barrier for people wishing to buy electric vehicles and so by providing more electric vehicle charging places, the aim is to remove that barrier and give potential users more confidence that they will be able to access charging facilities when necessary.
